

Education Courses at The Box Moor Trust 2009-2010 Key Stage 3, Key Stage 4 and A Level

Course Title	Description	KS3	KS4	A Level
Food Glorious Food	Feeding relationships, food webs and, using the Box Moor Trust estate, how humans fit in.			
Adaptation and Classification	Using pond dipping, mini-beast hunting and trees to learn about adaptation and classification.			
Adaptation and Feeding Relationships	Analysing adaptation and feeding relationships in three different habitats.			
Sustainable Development Today	Topical environmental issues impacting on the Box Moor Trust estate and in the Hemel Hempstead area.			
River Studies	The physical features and water quality of the River Bulbourne as it runs through the Box Moor Trust estate.			
Applied Agriculture	Using the Box Moor Trust estate to investigate farming and agriculture.			
Field Skills in Ecosystems	Investigating several different ecosystems, including woodland, grassland and freshwater.			
Deciding on Sustainable Development	Decision making and environmental issues impacting on the Box Moor Trust estate and in the Hemel Hempstead area.			
Terrestrial Ecology	Investigating grassland management and succession on the Box Moor Trust estate.			
A Level Ecology Projects	A chance for students to complete an individual field project using freshwater, woodland and grassland ecosystems (3 day course). <i>* Please speak to us about your specific requirements *</i>			

We also offer Inset Days and can attend staff meetings. Alternatively, why not arrange your staff meeting at the Trust and we can explain what we can do for you or how you can use the Trust in your own time?

We may also be able to deliver a course on a topic of your choice, so feel free to contact us.
